### 15-minute chicken & halloumi burgers

Category: Chicken  
Area: American

#### Ingredients:

- Chicken Breasts
- Oil
- Hotsauce
- Lemon Juice
- Buns
- Cheese
- Cabbage
- Mayonnaise
- Sour Cream
- Lettuce
- Red Pepper

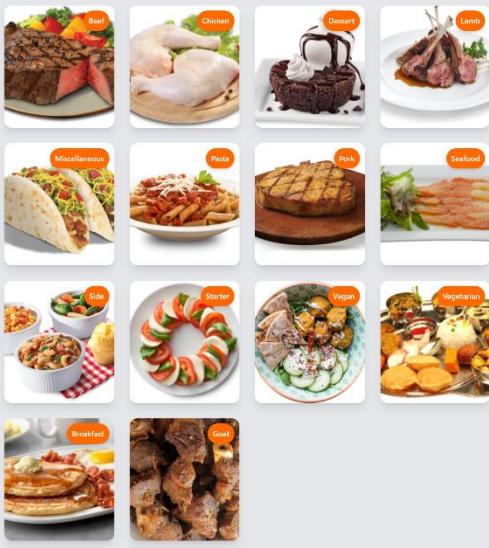

#### Measures:

- 2 tbsp
- 4 tbsp
- 4 leaves
- 2

#### Instructions:

STEP 1 Put the chicken breasts between two pieces of baking parchment and use a rolling pin to gently bash them until they are approximately 1cm thick. Cut each chicken breast into two even pieces. STEP 2 If you're using a frying pan, heat two frying pans over medium-high heat, with one of them containing oil. Fry the chicken in the oiled pan for 3-4 mins on each side until they are cooked through. Season the chicken, reduce the heat, drizzle in the chilli sauce and half of the lemon juice, and cook for an additional 1-2 mins until the sauce is reduced. Remove the chicken from the heat. STEP 3 If you're using an air-fryer, preheat it to 180C for 4 mins. Add the chicken to the air fryer and cook for 12 mins. Drizzle over the chilli sauce and half the lemon juice and cook for an additional 1-2 mins until the chicken is cooked through and the sauce is reduced. Remove the chicken and keep it warm. STEP 4 While the chicken is cooking, toast the buns in the dry frying pan for 30 seconds. Transfer them to a plate. If you're using an air fryer, put the buns in the air fryer for 1-2 mins until they are warm. Increase the air fryer temperature to 200C. Add the halloumi to the air fryer basket and cook for 10 mins, turning halfway through, until it's golden. Toss the cabbage with the mayo and the remaining lemon juice. STEP 5 Spoon the hummus (or dip of your choice) into the toasted buns, then top with the rocket, chilli chicken, halloumi, and peppers. Drizzle with a little more chilli sauce, spoon over the cabbage, season with black pepper, and top with the bun lids. Serve with any extra cabbage on the side or a green salad.

### Vegetarian

Vegetarianism is the practice of abstaining from the consumption of meat (red meat, poultry, seafood, and the flesh of any other animal), and may also include abstention from by-products of animal slaughter. Vegetarianism may be adopted for various reasons. Many people object to eating meat out of respect for sentient life. Such ethical motivations have been codified under various religious beliefs, as well as animal rights advocacy. Other motivations for vegetarianism are health-related, political, environmental, cultural, aesthetic, economic, or personal preference. There are variations of the diet as well: an ovo-lacto vegetarian diet includes both eggs and dairy products; an ovo-vegetarian diet includes eggs but not dairy products, and a lacto-vegetarian diet includes dairy products but not eggs. A vegan diet excludes all animal products, including eggs and dairy. Some vegans also avoid other animal products such as beeswax, leather or silk clothing, and goose-fat shoe polish.
